Generic Instructions for Preparing a PPT of a Research-Oriented Major Project-I

(It is left to the Major Project guide to inform their project students whether or not to follow these instructions)

1. Title slide
2. Introduction (1-2 slides)
3. Literature Survey (1-4 slides)
4. Outcome of Literature Survey (1 slide)
5. Problem Statement and Objectives (1 slide)
6. Methodology (1-3 slides)
7. Experimental Results (1-4 slides, if applicable)
8. Conclusion and Future Work (1 slide)
9. Key Reference (1-2 slides)
10. Timeline of the project (1 slide)

Do not write or add paragraphs to slides.

Generic Instructions for Preparing PPT of Application Development Major Project-I

(It is left to the Major Project guide to inform their project students whether or not to follow these instructions)

1. Title slide
2. Introduction (1-2 slides)
3. Software Requirement Specification (1-4 slides)
    - Functional Requirements
    - Non-Functional Requirements
    - External Interface

4. Problem Statement and Objectives (1 slide)
5. Methodology (Design of the project) (1-3 slides)
7. Experimental Results (1-4 slides, if applicable)
8. Conclusion and Future Work (1 slide)
9. Key Reference (1-2 slides)
10. Timeline of the project (1 slide)

Do not write or add paragraphs into slides.

Generic Instructions to Organise the Research-Oriented Major Project-I Report

(It is left to the Major Project guide to inform their project students whether or not to follow these instructions)

Title Sheet
Declaration Sheet
Certificate Sheet
Acknowledgement Sheet
Abstract
Table of Contents
List of Figures
List of Tables
List of Abbreviations
Chapter 1: Introduction (2-4 pages)
Chapter 2: Literature Survey (4-8 pages)
    2.1 For every 2-3 research papers, write a brief discussion paragraph-by-paragraph.
    2.2 Outcome of Literature Survey
    2.3 Problem Statement and Objectives
Chapter-3: Methodology (4-6 pages)
Chapter 4: Experimental Results and Discussion (6-10 pages)
Chapter 5: Conclusion and Future Work (1-2 pages)
Appendix I (Optional)
Key References (Maximum of two pages)
Timeline of the project

The major project report size needs to be at least 20 pages (from Chapter 1 to Chapter 5, in other words, by excluding the title page, declaration page, certificate page, reference, timeline of the project, etc.)

Do not add page numbers for the following:

- Title page
- Declaration page
- Certificate page
- Acknowledgement page

Use Roman numerals for the following as page numbers:

- Abstract
- Table of Contents
- List of Figures
- List of Tables
- List of Abbreviations

Use an integer number as a page number from Chapter 1 to the end of the report.
